

The Association for Professionals in Infection Control and Epidemiology (APIC)

by Angela McClinton, MSN, RN, CIC

President Greater Jackson Chapter 068

APIC

is the leading professional association for infection preventionists (IPs) with more than 15,000 members.

History

- ▶ Founded in 1972 by a pioneering group of infection control nurses who recognized the need for an organized approach to preventing healthcare-associated infections.
 - ▶ The organization has since evolved into a multidisciplinary organization which serves more than 15,000 members in close to 50 countries.
- 

Vision and Mission

- ▶ Our vision: A safer world through the prevention of infection
 - ▶ Our mission: To advance the science and practice of infection prevention and control.
- 

IP Work Settings

- 
- Healthcare Systems and Hospitals
