

Infection Prevention Coordinator Recognized as a Fellow of APIC

Mississippi. (August 2016) – Susan Taylor, Infection Prevention Coordinator, was recognized to be among the first 162 Fellows of APIC at the 2016 National APIC meeting. A Fellow of APIC (FAPIC) is a new designation which recognizes exemplary APIC members who are not only advanced practitioners of Infection Prevention and are also leaders in the field. Susan also gave a poster presentation at the 2016 National APIC meeting entitled "Reduction of Catheter Associated Urinary Tract Infections (CAUTI): A Never Ending Story". This presentation demonstrated the CAUTI Champion approach initiated at MBMC which resulted in a 74% reduction of CAUTI infection rates.
